

Protest gathering of workers engaged in Alborz Tire

today, about 300 workers and employees of Alborz Tire Company gathered in front of the factory at Saveh Road and protested against uncertain situation considering their employment and the production.

The workers are afraid that if the situation will not be improved, the factory should be shut down and they will be unemployed. This is while the management has recently received a loan of 10 millions of Dollars.

Day by day, the situation of workers getting worse and the number of unemployed is increasing. At present, there are tens of thousands of workers who have not received their wages for months and they are experiencing uncertain situation considering their employment.

Protest actions by workers are just going on every day and there is rarely a day that workers in one or some factories do not protest.

At the same time the news about protest action of Alborz workers have released, there is news that tens of workers engaged in Iran Electrics in city of Rasht gathered in front of the Municipal. It is a while now that these workers are struggling for their demands.
