

## **Protest gathering of 1600 workers engaged in Mehnakh and Sarnakh in city of Ghazvin**

Today, 1600 workers engaged in Mehnakh and Sarnakh in city of Ghazvin gathered inside and outside of the factories and protested against their management. They demanded payment of their retroactive wages and subsidiaries.

The management promised earlier that they will pay retirements by the end of the month but such payment did not happen. 300 retired workers therefore protested in front of the factory in the beginning. This protest immediately reached other workers in the factory and 1300 engaged workers stopped the work for supporting these workers and for demanding their own rights.

After united protest of retired and engaged workers together, the management promised to pay retirements within next few days.

Unity and solidarity between retired and engaged workers is an example for increased sense of awareness among the workers. Protest gathering of Mehnakh and Sarnakh once again shows that unity and solidarity among workers can push back employers and managers in order to get their demands. Long live unity and solidarity of workers.

**Overthrow the Islamic Republic Regime- Establish Soviet State**

**Down with capitalism    Long live socialism  
Work – Bread – Freedom    a soviet state**
